Welcome to

Chameleon – the hand-built compact motorhome that works magic with space

Chameleon sets a dramatically new standard for panel-van-based motorhomes. The quality of the materials, the craftsmanship and the radically original use of space add up to the most exciting new motorhome in years.

Why they're all talking about Chameleon

- Hand-built by British craftsmen on a Mercedes Sprinter panel van to your specification. Choose the 728M model (long wheelbase 4 berth) or 627M (medium wheelbase 2 berth).
- No timber components - all subframes and carcassing in aluminium
- Σ Revolutionary optional rear slide-out gives you more living and sleeping space by day and night.
- Damp-proof interior, thanks to high-tech materials and construction
- Front and rear dining/lounge areas
- Seating for up to 8 people for entertaining
- Large shower room, ample kitchen area, choice of 80 or 110 litre fridge
- Superior-quality fittings and finishes throughout

Chameleon gives you more space and superior specification for your money, compared with any rival motorhome

PLEASE NOTE THAT IMAGES SHOW OUR PROTOTYPE VEHICLES – FINAL SPECIFICATION MAY VARY

Facts and figures

Cab and vehicle

- High-tech materials and construction ensure damp-proof interior
- Swivelling driver and passenger seats
- Original Mercedes rear doors retained for weatherproofing and security
- Layout allows full-width access to van side door (728M)
- Overhead lockers for bedding
- 2 x 600 x 400mm Seitz roof lights
- Cab air conditioning
- External access to 970 x 700 x 400mm slide-out boot and rear under-seat lockers with suited (same key) locks throughout
- Electrically-operated step for easy access through side door
- Easy drop-down rear corner-steadies to stabilise the vehicle at night

Materials and construction

- No timber components - all subframes and carcassing in aluminium
- Aluminium composite material (ACM) used in furniture and interior fittings for quality, durability, dimensional stability and fire resistance
- Fireproof and damp-proof (all furniture and upholstery fire rated)
- Fully insulated, thermally-broken interior using 3M Thinsulate
- Vinyl flooring laid on insulated thermally-broken Alucore subfloor
- Wall/headlining in flameproof washable leatherette on lightweight waterproof insulating substrate
- Range of finishes available, including choice of wood grains and colours

Slide-out and rear double bed

- Fully weatherproof slide-out extends on site to provide a 1350mm wide x 1980mm long bed for luxurious sleeping comfort
- Cantilever design ensures complete stability
- Internal storage space for bedding

Front lounge/passenger area

- Removable RIB ALTAIR3P 1800 x 1000 bench seat/bed (728M) with integral headrest and armrests with lateral and forward/aft adjustment, fitted with European-approved seat belts. Provides safe seating for two rear-seat passengers.
- Seat folds out to create a double bed 1040mm wide x 1800mm long (728M)
- Seat/bed can be unbolted and removed (optional extra) to create large cargo space (728M)
- Disabled option features single seat + wheelchair mounting system in place of double seat (728M)
- Overhead lockers and high-level cupboard
- Swivelling removable table
- Two Seitz sliding windows
- High-level LCD DVD TV

Rear lounge

- Spacious rear seating for four when slide-out extended, two when closed
- Access to under-seat lockers
- Three top hinged Seitz windows
- High-level LCD DVD TV
- Freestanding table
- Raised floor with all heating ducts/gas and electrics accessible for servicing
- 550 x 570 x 1100mm high wardrobe with heating unit

Kitchen and food storage

- Top-quality acrylic worktop with inlaid drainage grooves
- Inset stainless steel sink with Reich chrome mixer tap
- Large 110-litre compressor fridge (728M) (80 litres 627M)
- Thetford oven and 4-burner hob with separate grill
- Drawers under fridge and oven and adjustable shelves in the under-sink cupboard
- Slide-out towel rail and storage rack
- Overhead lockers with radiused lower door edges

Shower and bathroom

- Thetford CW200 toilet
- 1150 x 670mm wide shower space
- Reich chrome combined shower tap
- Full height anthracite/silver mirror door, plus mirror wall to rear of basin
- Waterproof walls
- Storage cupboard under sink
- 400 x 400mm roof light
- LED lighting

Gas and heating

- Underslung 20-litre gas tank with internal level indicator
- Truma combi 4e water heater
- Gas barbecue points

Water

- 100-litre external heated and insulated freshwater tank
- 78-litre external waste

Electrics

- Sargent 155 control unit with water/waste level indicators
- Gel-filled leisure battery fitted under passenger seat
- LED lighting throughout
- 5 x 240v sockets
- Optional EFOY fuel cell option gives you a built-in power supply – tour for months without having to 'hook up'

Dimensions and weights

- External length 6940mm (728M), 5910mm (627M)
- External height 2970mm
- External width 1993mm
- 627M model is under 6 metres long for easy manoeuvring
- Internal length from rear of front seats to rear doors (LWB) = 5800mm (19ft) inc extended slide-out (MWB) = 4800mm (15 ft 9in) inc extended slide-out
- Storage space under slide-out measures 1000 x 700 x 400mm for storing large objects – plus more storage either side

Specification subject to change without notice

Whichever way you look at it, new Chameleon is a brilliant solution for the motorhome who values quality, convenience and space

A triumph of
space technology
